Net income over the same period amounted to P17.1-billion, while attributable profit stood at P11.9-billion, both little changed when compared with headline numbers the year before. However, excluding over P5-billion in one-time gains booked last year by its leisure and entertainment unit, AGI should reflect a 23% year-on-year (YoY) growth in core revenues, 46% YoY jump in net income and 29% improvement in attributable profit.

The final figures are reflected in the interim financial statements for the period ending September 30, 2022, which shall accordingly be submitted once available.
